MAYOR TO ANNOUNCE ENHANCEMENTS TO MAJOR SEWER OVERFLOW PROJECT

INDIANAPOLIS – Mayor Greg Ballard will announce enhancements to one of Indianapolis' largest federally-mandated combined sewer overflow projects on Wednesday, June 10, at 9:30 a.m.

WHEN: **Wednesday, June 10, 2009**
9:30 a.m.

WHERE: This event will be held at Combined Sewer Overflow (CSO) 118, located along South White River Parkway East Drive, just off West Street. CSO 118 is located on the left hand side of South White River Parkway East Drive, near a guardrail. Look for chairs and tents.

South White River Parkway East Drive veers off West Street on a northwest diagonal and is located in between the “RockTenn” company sign to the north and a set of railroad tracks to the south. See map. Look for DPW signage.

In the event of rain, the press event will be held under tents at this same location.

VISUALS: Mayor Ballard will join the Department of Public Works (DPW) Director David Sherman, DPW Chief Engineer Steve Nielsen, Friends of the White River Executive Director Kevin Hardie and Office of Sustainability Director Kären Haley in this announcement.

Representatives from the neighborhood and the environmental community have been invited, along with the City-County Councillors and the Board of Public Works.

Weather permitting, members of the media may take photos or video of the CSO location near the White River. Please wear sturdy, non-slip shoes or boots.
